New UFM License Notification

Thank you for ordering the Mellanox Unified Fabric Manager (UFM) software.

Mellanox Unified Fabric Manager (UFM) software is a powerful platform for managing scale-out computing fabrics.
This e-mail contains:
- A Getting Started Guide that explains in detail how to obtain and install the UFM software and license (attached).
- End-User-Agreement (attached).

If this is the first time you log in to MyMellanox's Customer Portal, you should have received another email with your log in credentials to the MyMellanox Customer Portal.

Your purchase of S_W-00133 with quantity of 101 is now available for you to download.

Order PO: CA51511
Sales Order: 1121433
License SN: 8614023

To activate the UFM software you will need to download and install your unique license file from Mellanox's Customer Portal at https://support.mellanox.com/s/my-licenses, under MY LICENSES.

If you have further questions please email us.

Regards,
The Mellanox Technologies Team
