Professional Development

Courses that do not lead to a professional certificate or qualification

Continuing Education

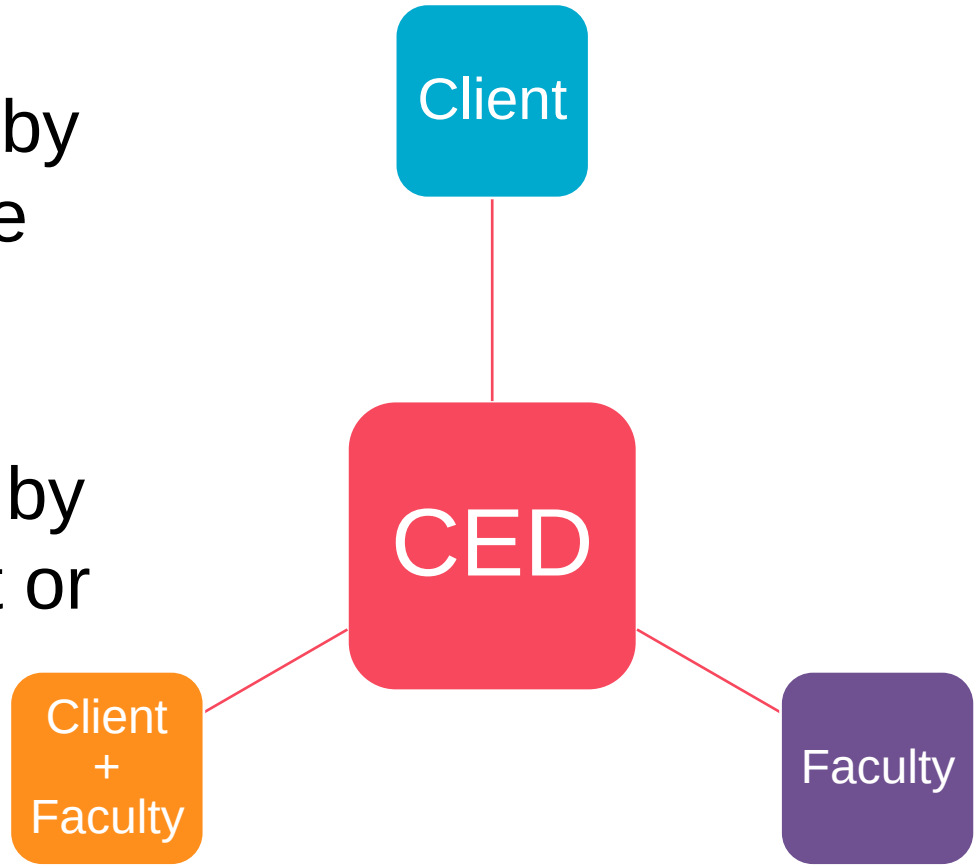
Courses that lead to a professional and/or academic certification or qualification

Course Development

- ***Client Request:*** courses are requested by a client with specific targeted audience and course outcomes

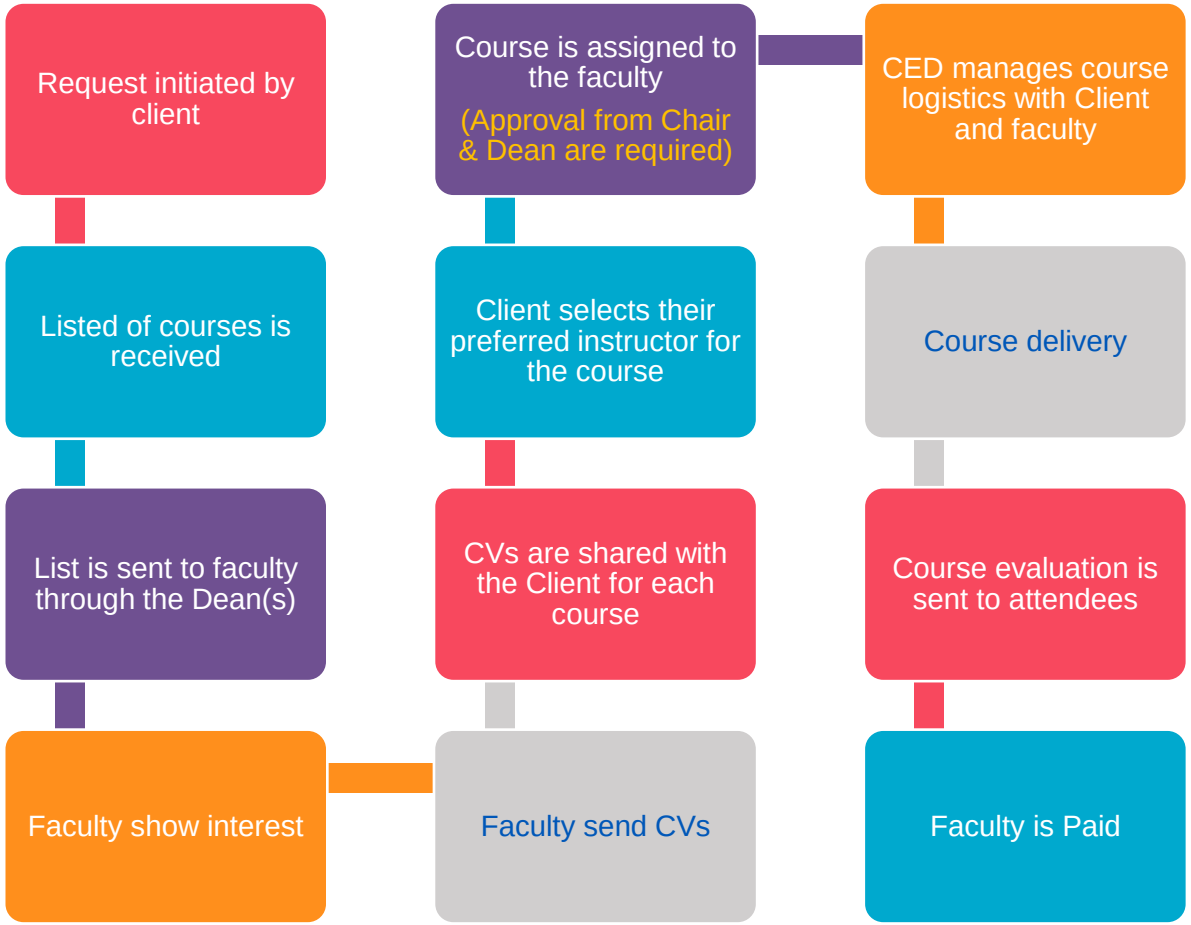
- ***Client + Faculty:*** courses are proposed by a faculty in coordination with a current or potential client or audience

- ***Faculty Proposed:*** courses that are proposed by faculty to solicit for a client or specific audience



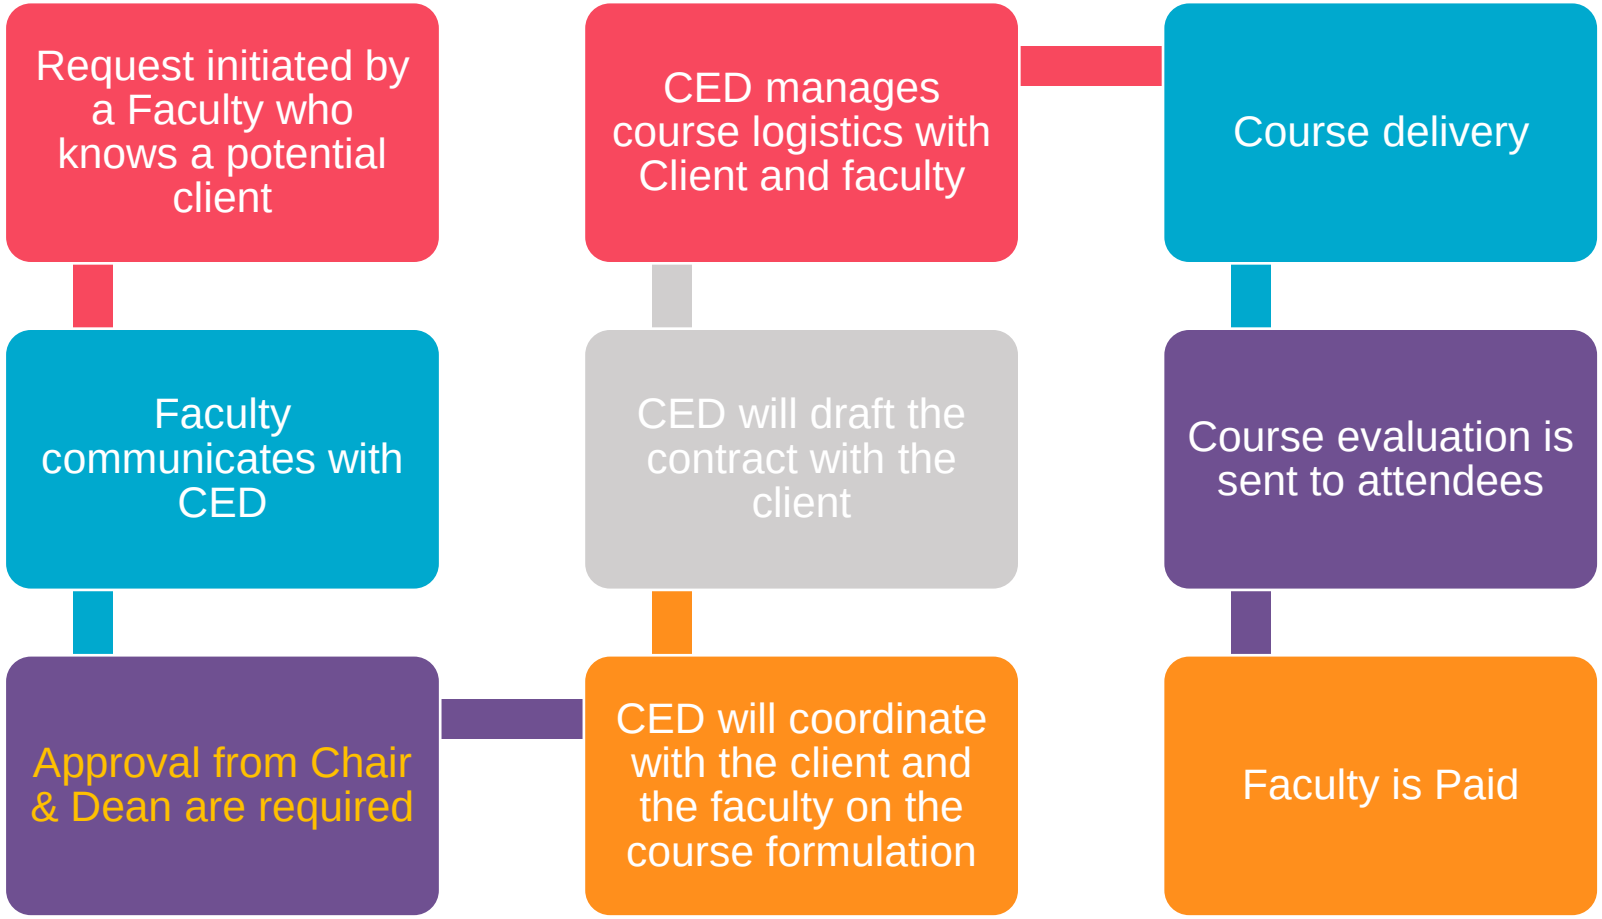
Client Requested Courses

courses are requested by a client with specific targeted audience and course outcomes



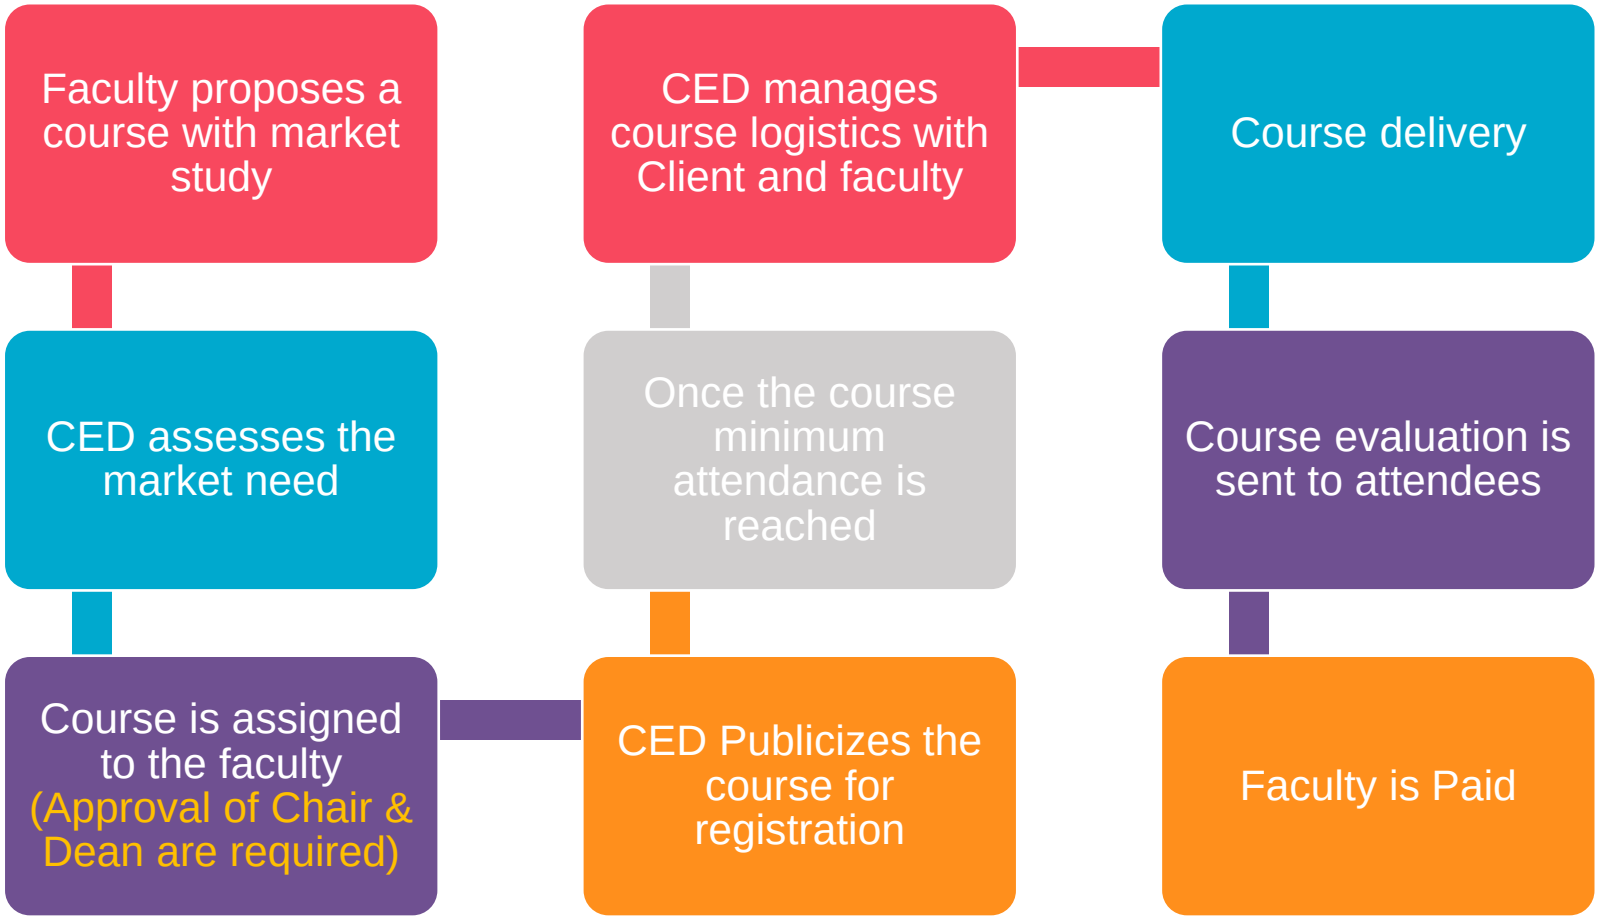
Client + Faculty Courses

courses are proposed by a faculty in coordination with a current or potential client or audience



Faculty Proposed Courses

courses are requested by a client with specific targeted audience and course outcomes



Process Initiation & Approvals

- Faulty fills then submits the A1-Form

- Request to engage in Continuing Education Activities to be signed by:
  - Faculty
  - Program Chair
  - Dean of Engineer
  - Provost
  - Director of CED

Form A1

REQUEST TO ENGAGE IN CONTINUING EDUCATION ACTIVITIES

Faculty/Instructor:		
Program Director:		
Client Company:		
Course Title:

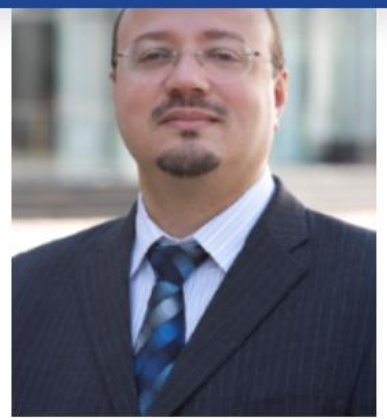
Honors and Awards

جامعة خليفة Khalifa University



Course Name:	Advanced Electronics (Microprocessor)
Instructor(s):	Dr. XXXXXXX
Course Date	XX/XX/2019

Course Objective :
The main objective of the course is to be acquainted with various advanced electronics concepts which are required in various electronic instruments deployed in oil and gas fields (e.g. transmitters, sensors, and control valves). Practical hands on sessions will be conducted to design various circuits, which include a processor-based board.
