جامعة خليفة
Khalifa University

Delegation of Authority Policy

1. GENERAL

1.1 Introduction

1.1.1 Abu Dhabi Law No. 5 of 2017, as amended by Abu Dhabi Law No. 9 of 2020, provides that Khalifa University of Science and Technology ("**Khalifa University**" or the "**University**") shall have independent corporate personality, full legal capacity and financial and administrative independence for carrying out its affairs.

1.1.2 Khalifa University's vision is to maintain its' status as a world-class, education and research facility; a catalyst to the growth in the Emirate of Abu Dhabi and the UAE's rapidly developing knowledge economy, an education destination of choice, and a global leader among research intensive universities of the 21st century.

1.1.3 Khalifa University is committed to maintaining the highest level of professional standards in conducting its academic and operational affairs.

1.2 General Principles of the DoA

1.2.1 This Delegation of Authority (the "**DoA**") provides uniformity and clarity in the application of policies and principles to the various levels of authorization within Khalifa University, which must be adhered to both in letter and in spirit. Any delegation pursuant to this DOA should be clearly communicated in writing setting out the nature, scope and terms of delegation.

1.2.2 Khalifa University is committed to developing and maintaining the highest standards of corporate governance and committed to conducting its' business in an ethical manner. As part of this commitment, all Employees must act in good faith, using due care, skill and diligence to discharge their responsibilities in line with Khalifa's best interest. The purpose of this DoA is to facilitate the operations and business of the University, by documenting delegations of authority in sufficient detail to promote responsibility, accountability and adequate internal control over the authorization and execution of various financial and non-financial Commitments and responsibilities as detailed in the DoA Matrix in Section 4. It is intended to capture delegations of authority rather than points of internal process or procedures which are in place internally.

1.2.3 This DoA is not a delegation of accountability, rather it is a delegation of certain financial limits and non-financial responsibilities within that authority. Without exception, those who delegate authority should exercise appropriate oversight as they are ultimately responsible for all actions undertaken pursuant to any delegation they make. Approvals are indicative of knowledge and responsibility of a transaction or decision.

1.2.4 The Board of Trustees may withdraw or amend delegations at any time, to reflect Khalifa University's organization

and administration changes.

1.2.5 The Executive Committee shall, subject to the provisions of the University Bylaws, exercise those certain powers and authorities delegated by the Board of Trustees as delegated to it in the interim between meetings of the Board of Trustees including those powers set out in this DOA. The President and Provost, with Power of Attorney and/or, if required, the Executive Committee shall manage the affairs of Khalifa University in accordance with this DOA.

1.2.6 The members of the Board of Trustees, the Employees, as well as contractors and consultants are required to fully comply with this DoA for all the related activities. Non-compliance is deemed to be a breach of the Code of Conduct and subject to appropriate disciplinary action or contractual or other remedy permitted by Law. Employees are further required to report any known or suspected cases of non-compliance or any potential or actual Conflict of Interest to Compliance. Internal Audit will periodically monitor compliance with this DoA across the University.

1.2.7 Any documentation (including memorandums of understanding, or other similar non-binding arrangements, and POAs) should not be executed without that documentation having been endorsed by the General Counsel in accordance with any applicable policy and approved by the Business Owner.

1.2.8 All approval requirements within this DoA may be executed electronically wherever applicable or otherwise by signature if electronic solutions are not available.

1.2.9 This DOA is to be implemented from the date of its approval until further notice and shall supersede any previous delegation of authority.

1.2.10 The General Counsel shall be responsible for the administration of this DOA, including training, and organizing periodic reviews and updates.

1.3 Interpretation

1.3.1 This DoA is to be read in conjunction with applicable laws and government regulations, the University's establishment law, Bylaws and the University organizational structure. Should there be any deviation between them and the DoA, the applicable laws or government regulations shall take precedence. The DOA is an overarching policy and in case of any conflict between the DOA and any other policies and procedures, this DOA shall prevail.

1.3.2 In cases of uncertainty as to a particular authority, i.e. the DoA is not clear with respect to a certain circumstance or requires interpretation, a clarification request should be addressed to the General Counsel. If the provision

remains unclear following review, the matter shall be referred to the BoT and the DoA may be amended to clarify such matters, as appropriate.

1.3.3 If an item or activity is covered by two or more entries in this DOA, the most restrictive entry shall apply.

1.4 Segregation, Controls and Conflicts

1.4.1 Authorities must conform to the principles of internal control relating to the segregation of duties as specified in this DoA, and other applicable University policy from time to time. For example, an Employee responsible for approving an invoice cannot be the same paying that invoice.

1.4.2 Employees holding more than one position shall be approved by the BHCRC and have separate authorities delegated for each position held.

1.4.3 Approvers cannot approve items that are for the Approver's own benefit i.e. own business/mission travel expenses, own training, etc. This rule overrides any and all defined authorities in the DoA. Such transactions must be escalated to the next level of authority for approval.

1.4.4 Conflicts of Interest must be declared and dealt with in accordance with the applicable Khalifa University Code of Conduct and Conflict of Interest policy. Any designated Approver with a Conflict of Interest is excluded from being the Approver. This rule overrides any and all defined authorities in the DoA. For the avoidance of doubt; members of any Board Committee, the President and the Provost shall not also have any regulatory roles that mandate them with responsibilities that conflict with their duty of stewardship towards the University.

1.4.5 Employees who sit on boards of other companies (subsidiaries or University joint ventures with third parties) or entities as nominated representatives of the University shall disclose this to the Ethics & Compliance function at the University and obtain approval in written form, and at all times act in the best interests of the University. Employees shall recuse themselves from any decision-making vote that involves by implication, or otherwise, the University unless they have the necessary authority formally delegated to them in writing by the relevant authority holder.

1.5 Sub-Delegations

1.5.1 The person or body that is authorized under this DOA as an "**Approver**" may delegate within certain limits of that authority a portion of their authority another person in order to facilitate the day-to-day operations of Khalifa

University ("**Sub-delegation**"). Such Sub-delegation must be by way of a clear written instrument setting out the nature and scope of the Sub-delegation and must be endorsed jointly by the Head of Finance and the General Counsel, and if the Sub-delegation is by the Board of Trustees or a BoT Committee, the Sub-delegation must comply with the terms of the applicable charter. The Sub-Delegations should only be made to Employees with appropriate seniority and expertise. In the event the proposed Sub-Delegate is also an "Endorser" for the particular matter, an additional Endorser shall be added for the period of the Sub-delegation as per Section 3 below.

1.5.2 Any long term (for periods exceeding one year) Sub-delegation of authority to subordinate positions may only be made after approval of the Executive Committee.

1.5.3 In the case of an unforeseen circumstance (e.g. a delegate falls ill or is called away on an emergency) the delegation must revert up to a higher level of authority in the same chain of command e.g. from the section head to the manager/director, from manager/director to vice president to senior vice president, etc.

1.5.4 Certain matters may not be delegated such as key functional job responsibilities, performance management of direct reports and formal compliance investigations. No delegation may be made to a consultant or secondee to the University.

1.5.5 A delegation may only be made by the Approver (original delegation), and may not be further sub-delegated by the delegate. In the event such delegate is unable to fulfill those responsibilities, they must notify the Approver, who then may re-delegate to another individual.

1.6 Financial and Non-Financial Decision Making

1.6.1 Subject to any contrary laws, regulations or Executive Council resolutions applicable to the University from time to time, the maximum approval limit for the Board of Trustees in respect of any spending is AED 50,000,000. In the absence of any express upper limit set out in the DoA Matrix, this limit applies.

1.6.2 Exercise of any delegated authority should be within the constraints of the Approved Annual Budget (having taken into account at the time of exercise any Commitments already made or reasonably anticipated in relation to such Budget).

1.6.3 Matters not falling within an Approved Annual Budget should first be referred for approval as amendments to the Budget, prior to any Commitment being made.

1.6.4 Financial limits and thresholds in the DoA are for whole transactions/ projects. Approval requests must therefore also be for whole transactions/ projects. Large transactions cannot be split into multiple smaller transactions to

circumvent the approval limits and thresholds. For example, if the University entered into a three-year office property lease for rental of AED 100,000 per annum, this has a transaction value of AED 300,000 for DoA purposes. All Commitments must be aggregated to ascertain the total value of the Commitment and approved in accordance with the DoA Matrix.

1.6.5 Decisions should be determined in AED. Decisions or approvals in other currencies should be converted to AED at the appropriate exchange rate as advised by Finance to ensure the correct authority is used.

1.6.6 Where the revised total cost or outcome is greater than the originally approved request, e.g. following a variation order, and the revised total cost or outcome exceeds the original approver's authority, the revised cost or outcome must be escalated to the next level of authority in the DoA for final approval.

1.6.7 A financial, legal or other Commitment that binds the University to a course of action shall always be formally recorded in a legally binding document. The person who executes any such Commitment or document declares that such Commitment or document was properly authorized in accordance with the DoA.

1.6.8 All cheques, or drafts, payment orders, commercial letters of credit, or payments or transfers of money require the signatures of the authorized persons set out in the list of authorized bank signatories as approved by the Executive Committee and shall be within the signing limit set forth for each signatory.

1.6.9 A copy of the bank signatories and signing limits are kept by the General Counsel and Finance. For all bank mandates, there should be at least jointly two authorized signatories.

1.6.10 All POAs issued to BoT members, Employees and officers of Khalifa University must only be exercised, in accordance with the DoA.

1.6.11 Any communication or action with third parties that might potentially commit the University to any liability requires formal prior approval as per the DoA. Endorsers are not allowed to make any communication or take any action to commit the University prior to the formal approval by the defined Approver as per the respective DoA authority.

1.6.12 Any transactions or decisions that are not explicitly mentioned in the DoA should be addressed to the EXCOM for consideration and where appropriate, its approval.

2. DEFINITIONS

Term	Definition
Advance Payment	A payment or part payment for goods or services in advance before the receipt of such goods or services equivalent to the amount of the Advance Payment.
AED	United Arab Emirates Dirhams
Approved Annual Budget or Budget	The University's approved financial plan for the period of twelve months estimating the total cost of Commitments and expenditures (operational and capital) and academic research funding during the relevant financial year which begins on 1st January.
Audit, Risk & Compliance Committee or BARC	Audit & Risk committee of the BoT
Board Committee	A committee established by the BoT and chaired by a member of the BoT
Board or Board of Trustees or BoT	The University's Board of Trustees
Business Owner	The Employee, division, department or unit mandated with responsibility for the subject matter.
Bylaws	The University bylaws, if any, approved by the BoT from time of time.
Head of Finance	The head of finance at Khalifa University, or if no person is appointed to that role, the most senior function in the Finance at that time who shall have oversight over Investments and the Finance, such role and responsibilities as amended from time to time
Code of Conduct	The University's Code of Conduct.
Commitment	For the purposes of this DoA, means any form of agreement that binds the University to a specified course of action (whether by way of an email, PO, written contract or otherwise) including Investments.
Conflict of Interest	A transaction where a Board or Committee member or a Khalifa University employee may have a personal interest, including a financial interest (for self or relatives of the first degree) that may, or may be perceived by others to, conflict with the interests of the University
Delegation of Authority or DoA	This delegation of authority policy as amended or replaced from time to time.
Emirate	Emirate of Abu Dhabi
Employee	An employee of the University

Term	Definition
Executive Committee or EXCOM	Executive committee of the University which shall be formed and whose members shall be appointed by the BoT
Executive Council	Executive Council of the Emirate of Abu Dhabi
Executive Leadership Team	President, EVP, SVPs, Provost, Head of Finance, Head of Compliance, and General Counsel
Finance	Finance department
Finance and Investment Committee or BFIC	Finance and investment committee of the BoT
General Counsel	Head of Legal
Human Capital and Remuneration Committee or BHCRC	Human capital and remuneration committee of the BoT
Human Capital	Human capital department
Inspection Committee	A management advisory committee, appointed by the Designated EXCOM Member, to assess the condition and estimated asset value for write-offs, and make recommendations for the method of sale or means of disposal for the assets, equipment and materials
Internal Audit	Internal audit department
Investments	Commitments entered into on strategic or commercial bases with the primary aim of generating a strategic or financial return to the University including, but not limited to, joint venture agreements, research and development agreements, etc.
Legal	Legal department
Master Budget Line	The main chapter of budget as classified by DoF such as Chapter 1 Personnel, Chapter 2 Operating, Chapter 3 Capital etc.
Policies and Procedures	The Khalifa University policies and procedures, as may be implemented, amended or replaced from time to time
Power of Attorney or POA	A notarized or attested formal document confirming a delegation of authority by an officer or Employee of the University to another officer or Employee of the University or a third party on matters pertaining to the University
President	The president of Khalifa University
Procurement Committee	

Term	Definition
	A management committee, appointed by the Designated EXCOM Member, for the purpose of overseeing the procurement process and ensuring consistent and correct application of procurement practices per the Procurement Policy, the DoA and in line with the Abu Dhabi Government Department of Government Support.
Provost	The provost of Khalifa University, who shall have oversight of all education-related matters
Purchase Order	An order form or written agreement (paper or electronic) used for the procurement of goods and services approved in accordance to the DoA
Revenue	Cash or other consideration received from contract research, use of University facilities or other usage charges
Sole Sourcing	A sole source purchase is a method of acquisition where there is only one qualified supplier capable of supplying the required goods, services and projects with whom the contract may be established
Single Sourcing	A single source purchase is a method of acquisition where only one qualified supplier is invited from a pool of suppliers and there is an exceptional circumstance for using a particular supplier
Supplier	A third party whose business is to supply a particular service or product to the University
Tendering Committee	A management committee, appointed by the Designated EXCOM Member, for the purpose of evaluating bids, and selecting and awarding contracts to successful bidders in compliance with applicable Policies and Procedures, the DoA and guidelines of Abu Dhabi Government Department of Government Support. The committee should have a particular focus on maintaining fairness and transparency, and selecting the most competent bidders.
Designated EXCOM Member	Currently the Vice Chairman of EXCOM, as may be changed from time to time by the BoT.

3. DOA LEGEND

E = Endorse

The "Endorser" reviews the request for approval. In certain instances, as set out in this DOA, no Endorser is required in order for a transaction to be submitted to an Approver.

The Endorser also reviews and assesses the compliance of the documentation and the preparation of information, pertaining to the related decision against applicable Policies and Procedures.

There may be more than one Endorser before the request can be submitted for approval. In the case of a Sub-Delegation, the Head of Finance and General Counsel may specify an additional "Endorser" where the Sub-Delegate is proposed to be the same person for both the "Endorser" and "Approver".

The Endorser is a person with relevant subject matter expertise and /or authority.

Each endorsement carries with it a personal responsibility and ownership for the endorsement.

Specifically, each Endorser must ensure the appropriate depth and breadth of their review, including but not limited to:

- Evaluating assumptions and estimates for reasonableness;
- Reviewing supporting business cases, bids, quotes, analysis and research for reasonableness and completeness;
- Checking and validating all the required supporting documentation;
- Checking the completeness and accuracy of the submission in general; and
- Ensuring compliance with Khalifa University policies and procedures, regulations and applicable laws. Some matters do not require endorsement prior to being presented for approval, as detailed in Section 4 hereto.

A = Approve

A. The request for approval by an 'Approver' is complete only when the person with the Approval authority has formally approved the request.

B. In most cases, there will be only one Approver. However, depending on the nature of the transaction/ asset/ value at risk, there may be more than one Approver.

C. Where two or more approvals are required, the request is not approved until all the Approvers have approved i.e. if one Approver does not approve, the request is not approved.

D. Approvers have the ultimate authority and are not bound by the recommendations of the Endorsers. An Approver can approve a transaction, even if one or more Endorsers did not recommend the transaction or can reject a transaction even if the Endorsers recommended it. In certain instances as set out in this DOA, no Endorser is required. Approvers are responsible for their decisions.

E. Depending on the nature of the transaction a distinction should be drawn between Approver(s) and Signatory(ies), who may or may not be the same person(s) e.g. with certain banking transactions.

F. The approval shall be in compliance with applicable Policies and Procedures.

4. DOA MATRIX

No.	Activities	Limits	Endorse/Review	Approve
	A. Corporate Functions			
1.	Establishment of local and regional campuses		BoT	Executive Council
2.	Nomination & Remuneration of Board Members		BoT	Executive Council
3.	Strategic Planning and Performance Management Policies & Amendments (Financial, Procurement, Administrative)		President Designated EXCOM Member BoT	Executive Council
4.	BoT Charters and Bylaws & Amendments		General Counsel BoT	Executive Council
5.	Appointment / Removal of BoT Secretary		EXCOM	BoT
