Hi Roberto
I am off sick, do you need someone from the team to inspect?

Kind regards
Abi

Dear Abimon & Dr. Okobi,

Good day!

I am tasked to do an EHS inspection today or this week at the following locations such as **Clinical Skills & Simulation(2), Histology / Anatomy(1), and Medical Simulation(30**). The baseline of EHS inspection is according to the attached survey to identify basic applicable gaps following KU EHS Policy. It would be a great opportunity to work with you in this area as you are the primary contact and I hope you'll be available during our visit.

Beat Regards,

Roberto Macahig
